# FORWARD TOGETHER

---

## The Big Question: Why?

We have all been there before. There is a looming question in the room and no one wants to be the one to ask. We want to answer the big question about Forward Together. We want to answer the why? To answer it we need to know what it is to begin with. Forward Together is an intentional 13-week prayer journey we take, as a church family, to seek the Lord as to how He would lead us to give sacrificially to see His Kingdom advance in our community and around the globe by updating our church campus with an addition and renovation. The goal is for us as a faith family to see the need and the why, and then to give sacrificially towards meeting the need. Forward Together is about equal sacrifice, not equal gifts. Our giving will look different for each of us. So why?

### Why Forward Together?

- There are 2.6 billion people on the planet who have never heard the name of Jesus.
- There are people from every tribe, tongue, and nation who have never heard that Jesus is the only way to have eternal life.
- There are roughly 17,000 people within a 10-mile radius of NFBC that do not attend a church.
- There are over 200 kids and students who attend Awana and Student Ministry every week.
- Because we as a faith family are committed to the Great Commission and the Great Commandment.
- Because we want to see the nations know who Jesus is and what He has done for them.
- Because we want to be a part of the grand narrative that permeates through all of human history - to see the fulfillment of the Kingdom of God.
- Because we are committed to seeing Christ's glory revealed in our community and throughout the entire world through faithful and obedient followers of Christ.

## How will you allow the Lord to lead you for His great glory and to make His name known?

We now know the why. So will you join us on this journey to see how the Lord would lead us to give sacrificially, so that our church campus would be a launching pad to taking the gospel to the nations for His glory and renown?
